# Backpack Meal Ministry

## Why Back Pack Meal Ministry?

We live in financially uncertain times and for many families every little bit helps. In an effort to help our community the churches of South Whitley are working together to provide Backpack Meal Ministry for our families.

## What is Backpack Meal Ministry?

Backpack Meal Ministry works in this way. Children at South Whitley Elementary on free or reduced lunches are eligible to sign up for this free program. Once signed up for the program they will receive each Friday, at the end of the school day, a backpack filled with easy to fix food items for the weekend. These food items will help supplement their diets with nutritious foods and help families make ends meet.

**Please take note that all information given to Backpack Meal Ministry will be held in the strictest of confidence and will not be used for any other purpose.**

If you are interested in participating in this free program please fill out the form below.
